Dear Friends,

Welcome to our first-ever virtual celebration.

We are celebrating our 37th year during an unprecedented time in history. I am delighted that you will be joining us online along with leaders of our community, friends, family, and colleagues from all over the world.

This is a milestone moment for Asian Americans Advancing Justice-Los Angeles as we welcome our new CEO Connie Chung Joe. Her much anticipated arrival marks the beginning of the future for our organization. With great resolve, we are strong as we serve Asian Americans, Native Hawaiians, and Pacific Islanders during these challenging times. Now and for years to come, we remain United in Action.

To celebrate, we invite you to light this candle and share your image with us. During our event, we will include it in our program. We hope you’ll participate so that the inspired spirit of our community can be seen.
